CAREER OBJECTIVE

Motivated B.Sc Computer Science student (Third Year) with hands-on experience in frontend web development (HTML, CSS, JavaScript, PHP) and data analysis using Python. Currently pursuing a certification course in Data Analytics with Generative AI and gaining practical industry exposure through an ongoing Frontend Developer internship. AWS Cloud Computing certified with a strong foundation in software engineering principles. Seeking an entry-level opportunity to apply technical skills, contribute meaningfully to real-world projects, and grow within a forward-thinking organisation.

INTERNSHIP EXPERIENCE

Frontend Developer Intern — Jayvik Labs (Remote)

May 2026 – Aug 2026 (Ongoing) | Internship Code: JVL-FD-2026-004 | 10 hrs/week

- Working as a Frontend Developer Intern at Jayvik Labs, a technology startup building web platforms, AI tools, and SaaS products.
- Assigned a major frontend development project; successfully completed 2 project tasks to date, with the remaining project work in progress.
- Developing responsive, user-friendly web interfaces using HTML, CSS, and JavaScript.
- Gaining practical exposure to API integration, UI/UX improvement, and writing clean, well-documented code.

EDUCATION

Degree / Board	Institution / University	Year	Result
B.Sc. Computer Science (Third Year – Pursuing)	Savitribai Phule Pune University	2023 – 2026	FY: 8.46 CGPA SY: 7.63 CGPA TY: 7.91 CGPA
HSC (12th Grade)	Maharashtra State Board, Pune	2023	59.00%
SSC (10th Grade)	Maharashtra State Board, Pune	2021	78.00%

CERTIFICATIONS & ACHIEVEMENTS

Data Analytics with Generative AI — In Progress

Currently pursuing certification covering data analytics techniques combined with generative AI tools and workflows.

AWS Cloud Computing – Certified (Basic)

Issued by: Amazon Web Services — Cloud infrastructure, EC2, S3, IAM fundamentals

Marketing Certificate

Issued by: Government of India — Certified marketing programme accredited by the Government of India

PROJECTS

Personal Portfolio Website — Internship Task (Jayvik Labs)

Internship Project | Technologies: HTML5, CSS3, JavaScript

- Built a fully responsive personal portfolio website with Home, About, Skills, Projects, and Contact sections.
- Implemented a dark/light mode toggle using JavaScript for dynamic theme switching.
- Designed a mobile-friendly layout using CSS Flexbox, Grid, and media queries for cross-device compatibility.
- Styled the interface with smooth transitions, custom fonts, and a consistent colour palette.

Online Voting System for College

Third Year Project | Technologies: PHP, HTML, CSS

- Designed and developed a secure web-based voting platform for college elections.
- Built dynamic front-end interfaces using HTML and CSS for an intuitive user experience.
- Implemented server-side logic with PHP to handle voter authentication and real-time vote tallying.
- Ensured data integrity through session management and input validation techniques.

- Deployed on a local server environment with MySQL database integration.

Student Performance Analysis using Python

Academic Project | Technologies: Python, Pandas, Matplotlib, NumPy

- Analysed student marks data using Pandas for cleaning and statistical processing.
- Visualised performance trends and insights using Matplotlib charts.
- Performed descriptive analysis to identify high-performing and at-risk students.
- Used CSV files as primary data sources for the pipeline.

Arduino Radar System

Second Year Project | Technologies: Arduino UNO, Ultrasonic Sensor (HC-SR04), Servo Motor, Embedded C

- Built a radar system for detecting nearby objects using an ultrasonic sensor on a servo motor.
- Implemented 15°–165° angle-based scanning to detect objects within a 2–40 cm range.
- Calculated object distance using the time-of-flight principle and displayed data via serial communication.

TECHNICAL SKILLS

Programming Languages	Python (Basic), Java (Basic)
Web Technologies	HTML, CSS, JavaScript, PHP
Data Analysis	Pandas, NumPy, Matplotlib, Generative AI tools (in progress)
Cloud	AWS (Certified – Basic)
Database	SQL (Basic)
Tools & IDEs	VS Code, MS Excel
Operating System	Windows

CORE COMPETENCIES

Problem Solving • Quick Learner • Team Player • Adaptability • Communication

LANGUAGES KNOWN

English | Hindi | Marathi
